The Who Profits Research Team

Dear Sir/ Madam,

Re: **Who profits – Request for Response**
Reference: Your letter dated 1.8.2018

We would like to address you as follows:

Olizki infrastructure LTD is a well-known Israeli company which is very proud of its engineering activity all over Israel, and sees grate value in the building of the state of Israel and its economic advancement.

As for the "findings" mentioned in your letter, Olizki categorically denies the claim mentioned in the third paragraph of your letter, which is absolutely denied, as well as the false claims that the Local Council of Judea and Samaria is among the company's clients.

We would like to clarify that any publication of the above, contrary to our clarifications, consists of a violation of Israeli statuary duty, including the Defamation (Prohibition) Law of 1965 and The Torts Ordinance [New Version].

Any false publications made by your organization will be answered with legal proceedings.

Your sincerely,

Shaul Mizrahi, Adv.
